

Sample Student Resume

The resume is a summary of what you do, both in and out of class. It is a concrete list of information that helps your counselor and teachers to write about YOU. This type of document will be useful to you after college, as well, when you are looking for a job. Please only list information from 9th-12th grade years.

Objective: I am seeking a good liberal arts education at a medium sized college that will allow me to see a variety of options available for undergraduate degree programs.

Education: William J. Palmer High School (2006-2010)
301 N. Nevada Avenue
Colorado Springs, CO 80903 School code: 060-288
Graduation date:
For class rank and GPA please see attached official transcript.

Important classes taken: *(Especially those related to your intended college major/objective ((above)).*

Extended Essay: *(IB STUDENTS ONLY) What was the name of your topic, why did you choose this particular topic and how is the essay relevant?*

Awards & Honors: Science Olympiad Medal (10th grade)
Rensselaer Math & Science Medal (11th grade)
Principal's Honor Roll (9th, 10th, 11th grades)

Co-curricular Activities: Quidditch Team (11th, 12th grades)
M.E.S.A. (Math, Engineering, Science Achievement) Club, (10th, 11th, 12th grades)

Volunteer Experience: Habitat for Humanity: Summer between my sophomore and junior year, I assisted in building a home for a family of 5 so that they no longer had to live in a shelter. I learned a lot about carpentry, painting and organization. I felt a real sense of pride that I had helped a family to have a place to call their own.
Pine Ridge Indian Reservation: I built gardens and greenhouses on the Reservation and volunteered to help little kids read at the Red Cloud Indian Sch. I was profoundly moved by the poverty I witnessed and the degree to which Native Americans make do with what little they have. I have been inspired to study architecture in college so that I can help provide this culture with better housing.

Interests & Hobbies: I am interested in architecture and construction, specifically if there is a way to provide low cost, temporary shelter for homeless people. I also enjoy the AutoCAD 3 dimensional drawing program, play the cello, and read Russian novels.
